ASSOCIATE DIPLOMA IN FARM MANAGEMENT

(VSC017)

STUDENT COMMENT

".. the course was a valuable learning experience. It is providing me with new insights and development beyond my former knowledge of this subject. It also provides me with a proper basic knowledge to pursue my dreams in this career path."

**Arnold Taen, Netherlands –
studying Diploma in Animal Management**

ASSESSMENT

Assessments are based on exams, assignments and all interactions you have with the school. We recognise some students find formal exams more difficult; hence we always approach your assessments in a holistic way.

WHY STUDY THIS?

- Manage farming properties – your own, or your employers
- Work in agribusiness – providing off farm support with materials, equipment or services
- Work in agricultural education, media or tourism.
